Joint Project with ACT Government

In September 2025, ACT Government's Infrastructure Delivery, City and Environment Directorate staff contacted the centre regarding using historic photos from our collections for a project to cover infrastructure facilities, about the size of a large container, at ACT Sports ovals. Previous facilities had floral, indigenous and other art themes.

The Gillespie White Albums were viewed and a number of possible photos were selected. Phil Robson re-scanned the chosen images to a high resolution so they could blow them up to a large vinyl wrap. The photos have now been installed near the Lhotsky and Cartwright St roundabout, Charnwood amongst the trees.

Visitors enjoying the Centre

Volunteers have been busy hosting many community groups who come to the centre to enjoy our galleries and our morning teas! They include Goodwin Homes in Crace, Monash & Queanbeyan and Majura Probus Club. Students from Franklin, Melba, Wanniasa and Nicholls have also visited the centre, having participated in our education program.
