Scale 20 Chains to an Inch.

I hereby certify that I in person made and on the 11th May 1882 completed the survey represented on the plan, on which are shown the bearings and the lengths of the lines measured by me, that I used a theodolite in accurate adjustment, and a chain adapted to the standard of the Sydney Observatory, that I commenced the survey at the point. @ on this plan , and used as the basis of bearings the line. e.f. thereon, and that the whole of the survey has been executed in accordance with the practice of this Department and the regulations published for the guidance of Surveyors. I declare that the above certificate is true in every particular.
